features

- Anti-tilt system fitted to all drawers. This prevents more than one drawer from being accidentally opened at one time.
- Fully welded construction.
- High quality powder coat finish available in an extensive range of popular architectural colours.
- Flexible storage for computer printout, suspension files, card index systems, floppy disks, audio and video cassettes, A3 drawings, CD and electronic media.
- Full extension, heavy-duty steel ball bearing slides rated at 50 kg for ease of operation and extended operational life.
- All standard drawers supplied with a drop-in channel which is used for suspension files.

DRAWER - INTERNAL DIMENSIONS

Drawer	(A) Height	(B) Width	(C) Depth
Standard	300	424	546
Small	150	424	546

* All dimensions are expressed in millimetres and all weights are for unpacked units.

* Australian designed and manufactured.
